Project Proposal: Project 4, Group 11

Tyler Beringer, Jason Johnson, Brian Marowsky, Noah Stevens

Dataset

The dataset, Video Game Sales with Ratings, was found on Kaggle.

We all love playing videogames in our free time, and thought it would be interesting to dive deeper into different rankings and trends in the market around the world.

Questions

What is the most popular genre in each market?
What is the most popular publisher in each market?

Potential visualizations

Visualizations might include bar charts, line charts, pie charts, and maps.

Machine learning

The target column is global_sales using regression.
